

## Met Band Team Meeting

05.09.07

---

**Attendees:** Byron Moore, James Bonamy, Jeff Price, Debbie Wylie, Victor Guadalupe, Brian Baker, Dan Smith, Doug Brennan, Steve Allison, Wayne Maydwell, Justin Oneacre, Laura Hobbs, Nicholas Costello

### Appreciation

Rehearsal Preparation and Flexibility-

Considering that there are several services going on at the same time everyone has come to rehearsal on time with their music printed off ahead of time. Thank you for your support and advance preparation.

### Updates from last meeting:

- Some of the big projects are not being communicated early enough i.e Maundy Thursday. We want to make sure that the big events are calendared ahead of time for early notice to the band.
- The website is being updated and revised to streamline and integrate more facets of the ministry as well as the School of Fine Arts. The redesign will be motivated to communicate to two different audiences. Including a broadcast of the highlights of announcements and dates
